Waukegan Special Recreation offers year round recreation programs to individual with disabilities and special needs residing in the Waukegan area. Many potential as well as active participants are financially challenged. Through a scholarship program offered by Special Recreation, participants that face financial hardships are provided the opportunity to participate in camps, school day off programs, special events and social outings, as well as various team and individual sports that compete locally, regionally, and on the state level for Special Olympics. Athletes also participate in Illinois Therapeutic Recreation Section/Participant Service Division leagues and tournaments hosted by Special Recreation Associations in the Chicagoland area.

It is through fundraising and sponsorships that scholarship funding is available to qualified participants. Additionally, it provides Waukegan Special Recreation athletes with appropriate uniforms and equipment and covers the tournament entry fees and travel expenses.
