## PRESS RELEASE

### Park District Seeks Public Input to Parks and Open Space Master Plan

**Waukegan, IL** (April 11, 2014)... The Waukegan Park District has recently launched a major project to create the District's 2015-2020 Parks and Open Space Master Plan. The first plan was written in 1989 and since then, four updates have been completed all of which have served the District very well. The new plan will guide park improvements over the next 5 years while taking into consideration the changing needs of the community, current vision of the Park District, and resources that are available to the District.

Board President Janet Kilkelly states "this process will lead to a robust Parks and Open Space Master Plan and includes gathering public input, analyzing census data and drafting a plan that helps us reach our vision of being an innovative park district that creatively adapts to our evolving community and provides exceptional parks, recreation and cultural arts that benefit all." Ultimately, a well-developed plan based on an understanding of community priorities will provide a roadmap that guides the future development of the open space system and enables the District to efficiently administer resources.

As part of the process, the District is seeking public input through the creation of a Master Plan Advisory Committee. This committee will inform and guide the planning process and nominations are still being accepted through April 18<sup>th</sup>. Up to four meetings are anticipated and the committee should complete its work by the end of July. If interested, please contact Tim Girmscheid, Park Planner at 847-360-4755 or [tgirmscheid@waukeganparks.org](mailto:tgirmscheid@waukeganparks.org).

In addition, the District will be conducting a series of public focus group meetings throughout the month of May. The public is encouraged to attend these meetings which will be promoted soon through press releases, the website and social media.
