

WAUKEGAN PARK DISTRICT

PRESS RELEASE

Waukegan Park District Commemorates Arbor Day

Waukegan, IL (April 18, 2016) . . . The Waukegan Park District will observe Arbor Day on Friday, April 29th, by planting an oak tree at 11:00 am in Yeoman Park, 1535 Grand Avenue. Students from Hyde Park School will help with the tree plantings. Whitespire Birch tree seedlings will be given away to those attending. Trees are one of the few renewable resources on the earth. We invite you to join the park district in planting new trees this Arbor Day. The public is encouraged to attend and participate in the 2016 Arbor Day Celebration.

Oak trees have captured the hearts and imagination of human beings for centuries. These trees represent strength and stature, they clean the air and water, reduce air temperature, flooding, and energy usage. Oak trees in parks provide enjoyment, recreational, and educational opportunities for all ages.

Almost 100 years before the idea of Earth Day, J. Sterling Morton suggested a campaign for tree planting. By 1894, his movement for planting trees had spread to every state in the nation. Today, Arbor Day is celebrated in all 50 states and in many other countries. Actual dates for the event differ for each area depending on planting times. Illinois celebrates Arbor Day the last Friday of April each year, the same date as National Arbor Day.

“Other holidays repose upon the past; Arbor Day proposes for the future.” J. Sterling Morton.
