10 and Under/Youth Tennis #20302201 Age 6-10

It's easier than ever to get in the game. Your child will enjoy playing with balls that bounce lower and move slower through the air, making them easier to hit. Racquets are sized for small hands, making them easier to grip and swing. Courts are smaller, so kids can cover them and have more success when they play. Kids have more fun—and want to play more often. Tennis is a sport that gets kids moving, improves balance, agility and hand-eye coordination, and can teach self-confidence and self-assurance. Playing tennis, your child can make new friends in a safe, supportive environment. By getting your kids into the game you'll be opening a door to a lifetime of enjoyment!
