Short Essay

Please share your gardening journey from this past season by responding to one of the two prompts below. Your submission should be between 100–250 words. Please refer to the scoring rubric in your packet to ensure your essay meets all the judging criteria.

- Tell us about a specific challenge you faced in your garden this year. What was the problem, how did you try to solve it, and what was the result?
- Share why gardening is a meaningful activity to do with your family. How has working in the dirt together changed your relationship or your home?
